

FEATURED THIS MONTH

Pride:

Colin McCormick & Miss Chief (Madison Moore & Ben Flint) preformed at City Park with some fan favorite songs. The first of many music nights to attend at our new park! Thank you to the Snack Shack, DKBBQ, & Arctic Circle for being in attendance, & thank you EP Friends of the Park for hosting monthly events!

Tradition:

The traditional bed races from the 70's made their return on July 4th at City Park thanks to EPACT! Teams raced their DIY bed carts around our park to the finish line. Residents are thrilled to see the return of our beloved bed races, & remember them from their younger years! Thank you to the EP Park Board for sponsoring the Pet & Bike Parade!

Progress:

The Project EP Class at EPHS collaborates with the Village of East Palestine to bring our community a Pocket Park! Designed by our local students, this project marks a new beginning of greenery & public gathering spaces on Market Street. Thank you Kealin Simon, Parker & Peyton Rutledge, & Luke Kinkead for partnering on this project!
